in the effects of globalization in latin america africa and asia kema irogbe argues that the forces of globalization which include the imf world bank wto and western media technology are subordinated to the interests of multinational corporations under the tutelage of a lone superpower in strangling the development efforts of poor countries irogbe subjects the

operations and the existing relationships among these international governmental and nongovernmental actors to the test of empirical reality and logical plausibility by drawing from the experiences of a varied selection of marginalized countries such as venezuela guatemala mexico brazil in latin america nigeria south africa and ghana in africa and iraq iran india afghanistan and vietnam in asia the book argues that globalization is a sophisticated lexicon for the pursuit of a homogenized political economic and cultural world order which is a recipe for unending global crises

this edited volume asks how governmentality and postcolonial approaches can be brought together to help us better understand specific sites and practices of contemporary postcolonial governance the framework approach was inspired by the recent use of governmentality approaches that emphasize how governance functions not solely through states but through multiple tactics and means that regulate the conduct of individuals and institutions through both freedom and constraint a postcolonial approach to governance exposes the role of postcolonial sites and practices in shaping governance and the inequalities embedded within it insofar as standards of conduct determine which subjects are privileged and excluded postcolonial perspectives show how governance can be both productive and repressive functioning to impose a fixed code of conduct that objectifies gendered racialized sexualized others as part of its project of improvement in discussing governance we must also consider how power is negotiated and challenged through forms of resistance and counter conduct this volume argues that we need to incorporate postcolonial theories and carefully examine postcolonial practices and sites to understand how contemporary governance shapes various transnational inequalities and social divisions the authors in this edited volume illustrate the value of postcolonial governance as a conceptual framework through empirical examples from asia australia africa and europe these cases unpack practices of governance operating within complex political landscapes

r s sugirtharajah takes up the theory of postcolonialism as a way of looking at biblical interpretative practices in the asian context postcolonialism is a discourse of resistance that tries to write back and work against colonial assumptions and ideologies long established in cultural studies this is the first work to apply postcolonial theory to biblical interpretation sugirtharajah provides examples of how asian christians have used both indigenous and western critical methods to liberate the texts and highlights the liberating potential of other sacred texts of asia to meet the pressing problems of the continent

the essays in this remarkable compilation all focus on the crucial question of whether or not ireland was a colony and whether its history is therefore a colonial and subsequently a postcolonial one this is no mere antiquarian or academic squabble since what is at stake is nothing less than the whole question of irish identity from the afterword by edward said

with a special reference to india

the essays in this volume discuss the influence both direct and indirect of edward said and

his seminal work orientalism among other issues discussed in this volume are post coloniality identity forming and writings by george orwell salman rushdie shashi tharoor and amitav ghosh
